CONTESTANTS FOR "BABY" MARATHON

Several Entries for Nine-Mile Cross-Country Handicap at Virginia.

CHARLOTTESVILLE, VA., November 22.—Captain Davis, of the cross-country squad at the University of Virginia, has given out the names of the runners who will participate in the nine-mile cross-country handicap "Baby" Marathon, to be run at the university tomorrow. They are: Irvine, Heim, Vail, Plunket, Ely, Fulton, Beltrame, Sloan, Carr, Williams, Wallerstein, Wheeler, McClellan and Davis. All of these men have been faithfully taking double-quick over the surrounding country, and ought to give a good account of themselves.

Don Goodwin, starter, will fire the pistol at 4 o'clock for the man with the biggest handicap, for Davis alone will run from scratch with Williams, the crack miler, a close second. The record for the distance is fifty minutes, unusually fast time, and Coach Lannigan thinks the winner ought to complete the course in something over an hour. Burke and Cecil will be the judges of the finish, and "Larry" Martin will be the timekeeper.

The course will be a full nine miles, from Lambeth Field over Observatory Mountain to Maury's Mill, down the road to the left to Bolling's, thence to the end of Ridge Street to Fry's Spring, past the hospital and back to Lambeth Field, where the quarter-mile track is to be circled twice.

If the finish is anywhere exciting, as will probably be the case in view of the handicaps, it ought to be the banner track event of the fall. Several of the runners are new men, and Lannigan wants to get an eye on their ability.

Lannigan was considerably upset Monday by the departure of Harrell for his home, as the substitute half-back had a great record as a quarterback on the relay team, of which Stanon is the only one of last year's star quartet that will run this year. Thompson, another trackman from Cornell, also left for his home, but said he was coming back after Christmas and would bring Harrell along with him. Harrell was probably the best man in college at football, although, because of his football duties, he did not enter the fall tournament. He had a great record in this department at Cornell.

EASTERN CAROLINA LEAGUE.

Raleigh May Drop Out Because Durham Is Not Admitted.
(Special to The Times-Dispatch.)
WILSON, N. C., November 22.—The Eastern Carolina League met here today. The guarantee for games was fixed at \$55, with a rain guarantee of \$35. Durham applied for membership, Raleigh favoring the bid. This would have resulted probably in Rocky Mount being displaced, but a motion to keep the league intact prevailed, and Raleigh was given to November 30 to decide whether it would remain in the league. On that date another meeting will be held in Rocky Mount.

W. & L. HAS NO GAME FOR THANKSGIVING

Football Team Disbands After Fairly Successful Season.

Following the cancellation of the game which was to have been played at Georgetown on Thanksgiving, Manager Chenoweth, of the Washington and Lee football team, after making every effort, has been unable to secure a game to take its place. Negotiations for the game with Carolina to be played in Richmond were at one time nearly completed, and but for the disbanding of the Carolina team, the contest in all probability would have been arranged. Following this the use of the Richmond field was tendered to Washington and Lee, and effort was made to secure either Clemson or Lehigh, but neither was able to comply. The team has since disbanded.

A review of the season discloses the fact that the team in the earlier part of the season showed more strength than in the latter part. The only thing else due to the team was the injuries sustained by certain of the players which necessitated their partial withdrawal from the game. Smart and Simms, the regular Davidson game, on suffering from a broken and the other a dislocated shoulder. Captain Izard also was incapacitated the latter part of the season, and Brown, star half back on the 1907 team, took part in but two games.

Besides the V. P. I. game, Washington and Lee lost to the heavy A. and M. team in a hotly-contested game by the score of 3 to 6, and later was defeated by the University of North Carolina, 6 to 0. Carolina's victory in this contest was due to a fumbled punt, and could a second game have been arranged the issue would have been very doubtful. Washington and Lee's best game was played in the encounter with Davidson, which resulted in the defeat of the latter college 15 to 5.

The year, as a whole, while not as successful as some in the past, yet shows results that should bear fruit in the future. A new system of coaching was instituted this year, and its effect, though hardly to be gathered in one season, yet on the whole seems beneficial. Next year the men will be better adapted to the new idea, and from the abundance of material which appeared this fall, there should be a strong body from which to form a nucleus for next year's team.

EXTRA GAME TO DECIDE TROPHY

If Randolph-Macon wins the Thanksgiving Day game here over Richmond, it is more than probable under the decision of the Eastern Intercollegiate Athletic Committee, that the Yellow Jackets will play off the tie for the championship with Hampden-Sydney. If Richmond College wins, it is probable, by agreement, that the Spiders will arrange a second game with the Prince Edward eleven. The deciding game will probably be played in this city December 4.

The Richmond College team, crippled by the loss of several regulars, is practicing hard for the Thanksgiving Day game, and hope to have a strong lineup. The game with Taylor, who was injured in the William and Mary game last Saturday, will not be in the game on Saturday.

BAPTISTS OPPOSE LIQUOR TRAFFIC
(Continued From Page One—Column 1.)

Dr. W. F. Dunnaway reported as follows: "Your committee to whom was referred the resolution in regard to an additional volume of 'The Lives of Virginia Baptists' respectfully recommended the adoption of the following resolutions:

"Resolved, That inasmuch as it appears that no person seems willing to undertake the work of editing and publishing such a volume, it is recommended that the salary of the treasurer for the coming year be \$1,500, which recommendation was adopted by the following resolutions:

"Resolved, That Rev. J. M. Plicher, D. D., be requested to prepare and publish the volume.

"Resolved, That in order to insure the financial success of the undertaking, the members of this association, during the present year, be requested to subscribe beforehand for copies of the book, at \$1 per volume, to the number of at least 500.

At the afternoon session the devotional exercises were conducted by Rev. J. L. McGowan. The collection was \$1,500.00. The association entered into the memorial services, singing the hymns, and tributes were paid to the following ministers: Rev. John Williams Jones, D. D., Rev. John B. Fink, Rev. B. J. Funk and Rev. J. H. Bernes.

Records of their lives were read and eulogies were paid in eloquent tributes to the deceased ministers. The speech of Rev. J. A. Speight, of Norfolk, who was himself a Confederate soldier, and a special tribute was paid to the Confederate fighting chaplain. The memorial service was closed with prayer by Rev. Vernon B. Jones, and after the reading of the report of the committee on the Virginia Baptists, the much looked-for temperance question came up. Before the report of the committee was read by Dr. Plicher, Rev. J. D. McAllister, of the Anti-Saloon League, was introduced as a visitor.

Temperance.
The report embraces a somewhat lengthy review of the temperance work all over the world, and especially of the good work of the Anti-Saloon League in Virginia and bids that organization Godspeed.

It then reviews previous action of the association on the liquor question. The report, which contains nearly 2,000 words, goes deep into the question, bringing statistics to show the deleterious effect of the liquor traffic during the past eight years, and highly commends the work of the league, and says in substance, to our Baptists of Virginia in its work and purpose.

Lengthy quotations are made from various publications, including The Times-Dispatch, to show the present condition of the liquor traffic, and conclude as follows:

"In view of these facts your committee would respectfully recommend the adoption of the following resolution: 'Resolved, That we are unalterably opposed to the beverage liquor traffic, and we believe that the time has come when the people of this State should urge our people everywhere to make every honorable endeavor to accomplish the complete prohibition of State-Wide.'"

the committee, and signed the report. He was the first speaker, and while he signed the report, and as a Baptist he avowed that he endorsed it, he made an impassioned and most earnest appeal for State-wide prohibition. Among other things he declared that the saloon interest is in favor of re-enfranchisement of the negroes in Virginia, so as to use them as voters to fight against the growing anti-saloon sentiment. He predicted that Virginia will vote on State-wide prohibition, and that the Commonwealth will give the biggest majority that any Southern State has given yet.

Rev. G. W. Ferryman, of Norfolk, was the next speaker, and like Mr. Stuart, he endorsed the report, but made a plea for State-wide prohibition. Both speakers took up the question of the policy of the Baptist Church, the association should take no more drastic steps than those.

Dr. Banto offered the following preamble and resolution, which were unanimously adopted by a rising vote: "Whereas information has just reached this body that this is the birthday of the anti-saloon movement, the continued service of the Ellyson family in conspicuous activity for all that has been done for the cause of prohibition, and that the State Mission Board to the General Association of Virginia Baptists, having given three moderators and two secretaries of the State Mission Board to the General Association of Virginia Baptists, we express our

grateful sense of appreciation for the invaluable services perpetuated from generation to generation and devoutly pray that these illustrious examples may be imitated by others."
